ESSEL

Journey

1998

In 1998, inception of ESSEL by three young minds. With the aim to deliver quality and design.

2000

In 2000, developed the EURO range, by understanding the demands for aesthetics and functionality.

2002

Adopted the early trend of quarter-turn faucets setting a benchmark in the industry with the new designs.

2005

In 2005, introduced concealed diverters for the new age customers.

2007

Conceptualized concealed flush valves with an internal brass piston.

2013

In 2013, an expansion of manufacturing facility to Derabassi, Punjab; met the ever rising demand for ESSEL products. The aim was to develop India's finest; cleanest; ecologically sustainable faucet manufacturing plant.

2017

In 2017, commencement of Derabassi Plant, equipped with water harvesting; watershed management system; electrstatic dust collecting system for blast furnace, grinding and polishing machines.

2018

Instituted sanitaryware division to offer complete bathroom solutions.

2020

In 2020, contrivance of hands-free vanities and foot operative taps; zero contact wall-mounted sensors as our corporate social responsibility to enable INDIA to fight the covid pandemic.

2021

Elevated our commitment to a carbon-neutral future with the installation of 260 KWH solar panels and hazardous waste management systems.

Present

In 2022, inducted auto-polishing robots for elevated quality levels.
